

POP-UP SPRAY BODIES

Features:

- 4" pop-up sprinklers made from impact resistant ABS (some models also available in 6")
- Stainless steel spring with positive retraction
- Designed to be compatible with all female nozzles
- Tool-free ratchet design allows easy nozzle pattern alignment
- Pre-installed flush plug blocks debris from entering after flushing
- Inlet Size: ½" female NPT
- Compatible with female threaded Champion nozzles
- 50 pieces per case

Pop-up Spray Bodies

(FP4-BULK & FP6-BULK):

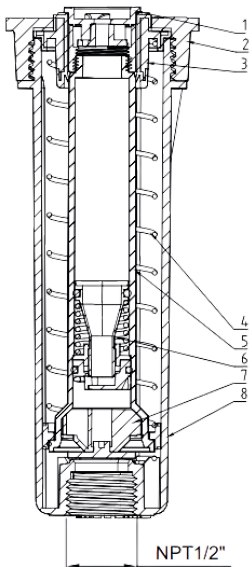

- 4" or 6" pop-up spray body
- Impact-resistant ABS construction
- Compatible with Champion spray or rotary nozzles
- All components are removable from the top, providing for quick flushing and maintenance

CV Sprinkler Bodies (FP4CVPRS30 & FP6CVPRS30):

- PRS built in to the stem
- Valve body has a check valve: hold up to 16 feet of head: 7PSI (.48 BAR)
- Regulates nozzle pressure to average of 30 PSI with inlet pressure up to 70 PSI
- WaterSense Certified

Pressure Regulated Pop-up Spray Bodies Sprinklers (FP4PRS):

- PRS built into the stem
- WaterSense Certified

No	Part name	Material
1	Pull ring	PP
2	Cap	ABS
3	Wiper rubber seal	ABS/EPDM
4	Spring w/ holder	S.S 304/POM
5	Riser	ABS
6	Pressure regulator	POM/S.S 304
7	Check valve	POM/Rubber
8	Body	ABS

SKU	Description	Dimensions	Pressure
FP4-BULK	4" pop-up spray body	Body height: 5 7/8" (15cm) Pop-up height: 4" (10cm) Exposed diameter: 2 1/4"	15-70PSI (1.03-4.82 Bar)
FP6-BULK	6" pop-up spray body	Body height: 8 7/8" (22.5cm) Pop-up height: 6" (15.2cm) Exposed diameter: 2 1/4"	15-70PSI (1.03-4.82 Bar)
FP4CVPRS30	4" Check Valve, PRS, no nozzle	Body height: 5 7/8" (15cm) Pop-up height: 4" (10cm) Exposed diameter: 2 1/4"	30-70PSI (2.1-4.8 bar)
FP6CVPRS30	6" Check Valve, PRS, no nozzle	Body height: 8 7/8" (22.5cm) Pop-up height: 6" (15.2cm) Exposed diameter: 2 1/4"	30-70PSI (2.1-4.8 bar)
FP4PRS	4" pressure regulated pop-up, no nozzle	Body height: 5 7/8" (15cm) Pop-up height: 4" (10cm) Exposed diameter: 2 1/4"	30-70PSI (2.1-4.8 bar)
